- 3.6.7 The date and time indicated in the line for the Bet are the date and time after which Bets on the Event (except for "Live" Events) are no longer accepted and do not necessarily match the date and time of the actual start of the Event. The actual time of the Event for counting the Bets results is considered the time of the start of the Event, which is determined based on the official documents of the organization conducting the Event, as well as the Company's data.

- 3.6.8 If the place of conducting a Event is not indicated in the line, the host of the field is indicated first (except for competitions in respect of American types of sports) in the list of Events. All the information contained in the "cap" relating to a particular sport, is of an ancillary character. Possible errors in the given information are not a ground for the return of bets.
- 3.6.9 During the acceptance of Bets for "Live" Events, a delay, the value of which may vary depending on the sport, market, and other features, is determined exclusively by the Company for security and protection from the Clients' subsequent bets.
- 3.6.10 For the Clients' convenience and taking into account the specificity of "Live" Events, odds for which change very often, a Client can choose one of the following options: "Accept all changes in the odds", "Accept only marked-up odds" or "Do not accept bets if the odds change," which determine a corresponding algorithm of a Bet.
- 3.6.11 An incorrectly indicated date of the conducted match /Event is not grounds for the cancellation of a Bet.
- 3.6.12 Subject to Clause 3.15.3 if an Event on which a Bet has been placed has already commenced at the time that the Bet has been placed on the CopyBet Platform but this was not communicated or obvious to the Client at the time that the Bettor placed the Bet then this Bet will be refundable to the Bettor at the request of the Client within 5 days of the Bet being placed.

The Company reserves the exclusive right to determine whether the Events are connected in case any disputes arise.
- 3.7.2 In the game of "Qualify/Not qualify from the group" in "Multiple" and "System" Bets, a Client is only permitted to bet on one team / Event Participant from the given group. If this condition is breached in such Bets of "Qualify/Not qualify from the group", the given Bets are refundable, even if the computer program accepting the Bets did not block them. The Company reserves the exclusive right to decide whether to accept Bets on the position of "Qualify/Not qualify" in "Multiple", "System", and "Single" Bets.

In such cases of correcting

obvious errors, Bets will be returned. The most common types of technical errors are the following:

- 3.8.2 Errors of the input of odds - when the odds (or the parameters of the "Handicap/Total" Bets, etc.) are displayed without a decimal separator (dot or comma) or with any additional digit in the number.

- 3.8.3 **"Mirror Errors"** - when the odds for players/ Event Participant are displayed in a diametrically opposite manner. In this case, the favourite of the game (including the current favourite of the "Live" Event) is displayed with the odds exceeding the odds of the outsider of the given Event.

For example: Basketball. Barcelona-Unicaja. The winner of the match. Instead of (1.2 and 4], (4 and 1.2] is displayed.

- 3.8.4 Writing errors - if all the odds are indicated correctly but the teams / Event Participants are written in the incorrect order (usually occurs for Events taking place on a neutral field).

Meaning for the previous example record:

(Basketball. Unicaja-Barcelona. The winner of the match. 1.2 and 4]

instead of

[Basketball. Barcelona-Unicaja. The winner of the match. 1.2 and 4].

Clear indicators of obvious errors can amount to a significant difference in the odds of the CopyBet Sportsbook and other bookmakers, as well as the odds that are not backed up by anything significant for this match/ Event. The right to determine the nature of errors belongs exclusively to the Company.

- 3.8.5 The Company reserves the right to cancel the Bets made on deliberately incorrect odds. A Client will be informed about changes in their Sportsbook account balance as soon as reasonably practicable.

- 3.8.8 In the case of any mistakes in financial operations on a Client's Sportsbook account, a Client shall immediately notify the Company about the above-mentioned mistakes. If such mistakes resulted in a negative balance on a Client's Sportsbook account, the Company has the right to cancel the Bets despite the fact that they were made before the error occurred.

3.11 LATE BETS

- 3.11.1 Bets placed after the start of the Event (except the Bets for "Live" Events) are invalid and returnable in all cases, while "Multiple" and "System" Bets are calculated using the odd equal to 1 (One). - 3.12.1 If a refund is declared about a Bet, such Bet will be considered as won with the odd of 1 (One). In the case of "Single" Bets, this means that a Client will get back the amount of money they placed on this Bet. In the case of "Multiple" or "System" Bets, the total odd will be changed in the following way: in the Event, where a refund occurred, the odd will get the value 1 (One), the odds on the remaining Events will remain unchanged, and the final odd will be counted according to a similar scheme. Only the odd of the outcome on the Event, on which was given a refund (one of the factors (multipliers) of the final odd of "Multiple" or "System"), will get the value 1 (One).
- 3.12.2 A Bet shall be refunded if, as a result of the match the total number of scored goals is equal to the total of the Bet and among the proposed outcomes of the given total Bet there was no option of the "Indicated number of goals". A Bet is refunded in a similar way for the individual totals, totals of the player, totals of cards/corners/removals, fouls, and other parameters if the final value of the match and the proposed parameters of the total are equal.

- 3.13.2 The Company reserves the right to suspend the payment of the Bets and make a refund on them if it has reason to believe a match was fixed. Such reasons may be based on the size, number, and nature of the Bets made using one or all of the possible methods of betting.

In such cases, the decision of the relevant governing bodies of relevant federations and regulatory bodies will also be taken into account. In such cases, the Company reserves the right to hand over the information to all concerned parties for further investigation and to prevent similar incidents occurring in the future.

In international matches, the refunding of Bets shall only be made when the match is transferred to the field of an opponent country.

4. RISK DISCLOSURE

- 4.1 A Follower agrees with the fact that using CopyBet services is associated with risks. A Follower fully accepts the risk of possible losses that can occur as a result of the activity of a Tipster.
- 4.2 A Follower accepts that ignorance or misreading these Terms of Use does not exempt them from liability and/or risks.
- 4.3A Follower accepts the risk of possible losses or lost profits resulting from non-execution or partial execution of copied Bets due to low liquidity on the market, insufficient funds of a Follower's CopyBet Profile, or other factors.

4.4A Tipster accepts that using the CopyBet services is associated with risks. A Tipster performs their operations solely on their own behalf and at their own expense and risk.

4.5A Follower, and a Tipster accept the risks of possible losses or lost profits which may arise due to exchange rates that are applied during a transaction which occurs within their Wallets.

4.6 If necessary, a Client shall pay their own taxes and file a tax return in their jurisdiction of residence.

COPYBET PLATFORM OPERATION

5. BASIC COPY-BETTING PRINCIPLES WITHIN THE PLATFORM

5.1 The CopyBet Platform detects new open Bets on a Tipster's account and copies them by opening Bets on Followers' accounts.

5.2 The priority of copying shall be as follows: in the case when a Tipster has several Followers, Bets are copied on a "first come, first served" basis.

5.3 While being copied, a Follower's Bet parameters (price, size, and others) are defined by the CopyBet Platform based on different factors, such as:

- Subscriptions settings (Copy Ratio, Limit Loss, etc.);
- Currencies of Tipster's and Follower's accounts (in proportion to rates);
- A Tipster's Cash Out.

6. COPY-BETTING ALGORITHM

6.1 After subscribing to one or several Tipsters, a Follower specifies individual settings for each of them, according to which Bets should be copied.

6.2 There are two types of Subscriptions: "Per period" (1, 2, or 4 weeks) and "Per Event".

6.3 The following subscription parameters are available for a Tipster:

- Subscription type;
- Subscription price.

6.4 The following subscription parameters are available for a Follower:

- Copy Ratio (default value is 1);
- Limit Loss (disabled by default);
- Automatic subscription renewal (enabled by default).

7. COPYING FROM COPYBET SPORTSBOOK

7.1 The Copying of a Tipster's Bet to a Followers' account: when the system receives the signal that a Tipster has opened a Bet, the system defines its parameters and sends orders to open corresponding Bets on Followers' accounts.

7.2 The parameters of the copied Bets are as follows:

- The Event and the Market of a Follower's Bet = the Event and the Market of a Tipster's Bet;
- The type of a Follower's Bet= Limit;
- The side of a Follower's Bet = the side of a Tipster's Bet;
- The price of a Follower's Bet = the price of a Tipster's Bet with the maximum allowance of minus 10% of this price (the price of a Tipster's Bet - 1);
- The size of a Follower's Bet is proportional to the size of a Tipster's Bet considering the Copy Ratio and currencies of the Tipster's and Follower's CopyBet Profiles. The currency exchange is made according to the CopyBet Platform's rates.

7.3 In the case of a Tipster's Cash Out, the parameters of the copied Bets are calculated in such a way that the outcomes of a Follower's Market and a Tipster's Market are as identical as possible. In some cases, a Follower's Bet size may be reduced, or a Bet may not be copied.

7.4 After defining the parameters of a Follower's Bet, the system checks if there is enough liquidity on the market,
i.e., if there are enough Bets of the opposite side and with the same prices.

- In case there is enough liquidity, a Bet is placed and, highly likely, executed immediately;
- In case there isn't enough liquidity, a Bet will be executed partially or skipped (a Follower can see a corresponding notification in their CopyBet Profile).

7.5 In case the first Bet of a Market is skipped, the entire Market will be skipped (a Follower can see a corresponding notification in their CopyBet Profile).

7.6 Multiple, System, and Chain types of bets cannot be copied from a CopyBet Sportsbook account (see articles 12, 13, and 14 for more information on account types).

7.7 Regardless of what type of odd is specified by the Tipster in the Sportsbook account, odds on CopyBet will always be displayed in a decimal format for both a Tipster and Follower.

8. LIMIT LOSS

8.1 In subscription settings, a Follower can specify "Limit of Loss" for each subscription in terms of their CopyBet Profile currency.

8.2 "Limit Loss" is calculated in the following way:

8.2.1 The system calculates "Exposure" for all copied Bets of each Market.

8.2.2 The system defines maximum possible losses for this Market in total (or the minimum possible profit if the Market closes with profit).

8.2.3 In case there are open Follower's Bets, which haven't been matched yet or which have been matched partially, the system defines the worst possible matching scenario for them: the worst price and size (from zero to the full size). As a result, in case of any outcome for the Bet, the profit of the Market will not be less than it was calculated.

8.2.4 The following parameters are required for calculations:

8.2.4.1 Limit - Limit loss specified by a Follower;

8.2.4.2 Profit current - the amount of the profit for all Bets copied from this Tipster;

8.2.4.3 Profit max - the profit reference point. By default, this value is equal to the maximum profit for the subscription but may be reset by a Follower and be equal to the current profit. After this parameter is reset, the system will continue updating it to the maximum current profit value for a subscription;

8.2.4.4 Exposure - the total value of the minimum Exposure values for each of the Markets copied from the Tipster.

8.3 Limit Loss will be activated if $(Profit_max - Limit) > (Profit_current + Exposure)$.

In this case, the next Bet that may activate Limit Loss will not be copied.

8.4 The following values are displayed in the web interface of the CopyBet Platform:

8.4.1 Limit of loss. The value related to the limit of loss may be edited so that the possible losses incurred as a result of placing Bets on the CopyBet Platform may be set and managed by a Follower. A Follower may edit the limit of loss in respect of aggregate Bets over an aggregate period at any time. In the event that a Follower sets the limit of loss to zero, the system will automatically ignore the value of zero.

8.4.2 Profit Deviation = $Profit_max - Profit_current$; shows the difference between the current profit and the maximum one. The difference cannot exceed the specified Limit Loss.

8.4.3 Reset (Profit Deviation). An option to reset the profit reference point (setting Profit Deviation to zero).

9. POSSIBLE ERRORS IN THE COPYING PROCESS

9.1 In case a Bet cannot be copied, a Follower can find the information explaining the reason behind the error

in their CopyBet Profile.

9.2 Examples of errors while copy-betting at CopyBet are as follows:

- "Your subscription has been suspended due to insufficient funds in your Wallet";
- "Limit Loss has been exceeded";
- "The Market has been skipped to protect the interests of the Follower";
- "There is not enough liquidity in the market to open a bet";
- "A Bet/Cash Out has been skipped" (the copying system wasn't able to define the parameters of a new Bet or a Cash Out is not required);
- "No Market info".

11.1 Place a qualifying, pre-match or in-play accumulator Bet with a minimum of 5 legs and, if the Bet wins, the Company will add a bonus of 10 - 20% to the Client's winnings once all matches have finished (the **"ACCA Bonus Offer"**).

11.2 The value of the ACCA bonus depends on the number of legs, as follows:

- 5 legs - 10% bonus
- 6 legs - 12% bonus
- 7 legs - 14% bonus

- 8 legs - 16% bonus
- 9 legs - 18% bonus
- 10 legs or more - 20% bonus

Keep in mind that if you place a 6-fold which wins with one leg that has been made void, it will settle as a winning 5-fold and you'll receive the bonus for five legs, not six.

11.3 The ACCA bonus will be paid to the Client's account within 24 hours of the full-time results of the matches selected being confirmed.

11.4 The ACCA Bonus Offer is available to all the verified Irish Clients.

11.7 The ACCA Bonus Offer applies to pre-match and in-play Bets on all sports markets. The legs can be made up of any sports market, mixed and matched.

11.8 Where a Client opts to Cash Out on a Bet, the ACCA Bonus Offer will not apply. Using Cash Out is forbidden for ACCA Bonus.

11.10 A Free Bet cannot be used in conjunction with the ACCA Bonus Offer.

11.11 The Company reserves the right, at its discretion, to exclude certain Clients from this offer and to change the terms or availability of this offer at any time.
