2.2 A “Bet” is an agreement to risk money on the unknown result of an Event in order to receive profit.

2.3 An “Event” is an event with an equivocal outcome (for example, a football match), which one can bet on. Includes one or several Markets.

2.6 A Bet Side: “Back/Lay”. Each possible result of a market can be bet on two sides – back or lay.

- Back wins if a Market outcome is exactly the same as specified.

- For "Lay" Bets: Liability = (Bet Size) * ((Bet Price) - 1).

2.10 Betfair Exchange “Account Exposure” is a part of the Betfair Exchange Account balance reflecting the result of placing bets. It shows how much money will be transferred from a CopyBet Profile in case of the worst outcome for all open bets.

2.16 “Bet Profit” is an amount of money transferred to a Client’s Betfair Exchange Account in case a bet wins (a chosen outcome of an Event matches the real outcome) or an amount of money transferred from a Client’s Betfair Exchange Account in case a bet loses.

3.10 BETTING RULES

3.10.1 The Company accepts bets on the outcome of sporting and other events with a deliberately unknown result, by using telecommunication networks for this procedure.

3.10.2 Every time when downloading the client application, regardless of the media resource used for that (via the Internet or mobile services), opening a CopyBet Sportsbook account and/or using an existing account, placing a bet or participating in any games, taking any prize, a Client confirms their consent with the current draft of the Terms of Use and undertakes the obligation to act in accordance with their regulations.

3.10.3 The Company reserves the right to refuse to open a CopyBet Sportsbook account to any Client.

3.10.4 The Company has the right to cancel bets, winnings, and any bonuses on all accounts suspected of fraudulent activity or unfair betting. This decision is based on an internal investigation covering and taking into account the size, volume, and nature of the bets and etc.

3.10.5 The Company has the right to suspend transactions and/or the payment of funds on the account in case of suspected fraudulent activity (multiple accounts, software for using arbitrary situations, capitalizing on arbitrary situations, using accounts for operations not provided by a bookmaker, abuse of Loyalty programs, etc.). In such cases, the Company has the right to perform a verification of the Client's activity for up to 14 working days, until the end of which all transactions on the account will be suspended.

3.10.6 If there are any suspicions of the honesty of the bets placed, the Company has the right to contact the customer and request additional information or ask leading questions about these bets, such as the explanations of the betting principle, why the event aroused the bettor's interest, as well as any other questions related to the bet, may be requested, which will help the Company to understand the honesty of betting. In case that the Company still has doubts about the honesty of bets placed, the Company reserves the right to block the Client's account, cancel all bets and allow the withdrawal of funds deposited.

3.10.7 In case of violations of the existing Rules the Company has the right to block the Client's Profile by giving the opportunity to withdraw only the amount of funds deposited.

3.11 POLICY OF USE OF THE COMPANY'S OFFICIAL WEBSITE

3.11.1 The Company bears no responsibility for any losses or damages incurred by a Client as resulting from the use of its official website or its content. This provision equally applies to the use of the website by any person, inability to access the website, delays in functioning or transmission of data, failures in communication lines, as well as any errors, misprints, or omissions in the content of the website.

3.11.2 Loading photos and videos from the Company's official website or its sub-sites is permitted only for private use. Publication, transmission, or reproduction of this data for any other purpose is strictly prohibited.

3.12 POLICY OF BETS

3.12.1 The values of the parameters (including "Handicap" and "Total" Bets) and coefficients of the events specified in the line of the current day may change after any Bet but conditions of the Bets placed before remain the same, except in cases of technical and obvious mistakes in the line.

3.12.2 Only the amount confirmed and registered by the Company is accepted as an amount of Bet.

3.12.3 A Client is the only person who is responsible for Bets. Once a Bet is made and its acceptance is confirmed by the Company, it cannot be changed or canceled by a Client. The Company bears no responsibility for the "lost" or "double" Bets made by Clients. Please, be very careful when checking the parameters of all the Bets you have placed on every stage.

3.12.4 A Client's losing their password cannot be a reason for the cancellation of a Bet or the cancellation of the request for payment of winnings.

3.12.5 A Bet is considered accepted as soon as it is confirmed by the Company. All accepted Bets are displayed in the "Bet History" menu. In some cases, there may be a delay until a Bet is listed in the above-mentioned menu. In case of any dispute, the time when a Bet was registered in the Company's system is considered to be its true submission time. Even If a Client did not receive any notification about the acceptance of a Bet, it is still considered to be accepted if it is displayed in the "Bet History" menu.

3.12.6 Failures of communication or other technical issues in the Client's communications are not a reason for the cancellation of a Bet if this Bet has been registered on the Company's server.

3.13 DATA DISPLAY

3.13.1 The Company is not responsible for the accuracy, completeness, and timeliness of the proposed information services, including data on “Live” events and mailing services.

3.13.2 The Company makes every effort to make the information on events (such as results, the time and duration of a game, and the statistics of teams /players, etc.) be correct. However, this information is displayed only for informational purposes and the Company is not responsible for any errors or delays in this data.

3.13.3 The Company is not responsible and does not accept any claims regarding the accuracy of the translation of team names and the names of the players from foreign languages.

3.13.4 If in the indicated event/match there is more than one member with the same surname and during the Bet acceptance the full name of the athlete or other features identifying them uniquely have not been indicated, all Bets on positions with this athlete are refundable.

3.13.5 If in the name of the match or position one or more entrants are indicated in the line incorrectly (except for errors in translation when the other team/entrant of the represented tournament is indicated instead of the necessary one), all the Bets on that event are recognized as invalid and a return is made. Only the Company has the right to determine the events belonging to different categories.

3.13.6 In the cases when the specific details of the team, such as a particular age group (for example U18 years/U21 years/youth teams), gender (women), or the status of the team (reserve) are not indicated thus resulting in the marking of the other team in the line instead of the declared one, all Bets on this match are refundable. In other cases, when there are incomplete names or possible grammar errors in the line, all Bets remain in force. If the gender of participants is not indicated in the line, it is considered that the gender of teams is male. In the case when women’s teams are participating in a match, it is necessary to have a detailed indication about it in the line, otherwise, Bets on this match are subject to return.

3.13.7 The date and time indicated in the line are the date and time, after which Bets on the event (except for “Live” events) are no longer accepted and do not necessarily match the date and time of the actual start of the event. The actual time of the event for counting the Bets results is considered the time of the start of the event, which is determined based on the official documents of the organization conducting the competition, as well as the Company’s data.

3.13.8 If the place of conducting a meeting is not indicated in the line, the host of the field is indicated first (except for competitions of American types of sports) in the list of events. All the information contained in the “cap” relating to a particular sport, is of an ancillary character. Possible errors in the given information are not a ground for the return of bets.

3.13.9 During the acceptance of Bets for “Live” events, a delay, the value of which may vary depending on the sport, market, and other features, is determined exclusively by the Company for security and protection from the Clients’ subsequent Bets.

3.13.10 For the Clients’ convenience and taking into account the specificity of “Live” events, coefficients for which change very often, a Client can choose one of the following options: “Accept all changes in the coefficients”, “Accept only marked-up coefficients” or “Do not accept Bets if the coefficients change,” which determine a corresponding algorithm of a Bet.

3.13.11 Incorrectly indicated date of the conducted match is not a ground for the cancellation of a Bet.

3.13.12 If a match began at the time, at which it was previously interrupted and it was not stipulated in the line, the Bets are refundable.

3.14 INTERLOCKING EVENTS AND OUTCOMES

3.14.1 In “Multiple” and “System” Bets, it is forbidden to include different events that relate to the same match and can be interconnected. If any events that relate to the given match were included in such Bets, these Bets are refundable, even if the computer program accepting the Bets did not block them when accepting. The Company reserves the exclusive right to determine whether the events are connected in case any disputes arise.

3.14.2 In the game on “Qualify/Not qualify from the group” in “Multiple” and “System” Bets, it is allowed only to bet on one team from the given group. If this condition is violated in such bets on “Qualify/Not qualify from the group”, the given Bets are refundable, even if the computer program accepting the Bets did not block them bet when accepting. The Company reserves the exclusive right to decide whether to accept bets on the position of “Qualify/Not qualify” in “Multiple”, “System”, and “Single” bets.

3.15 OBVIOUS AND TECHNICAL ERRORS

3.15.1 The Company is not responsible for errors in typing, transfer, or counting of Bets. In particular, the Company reserves the right to correct obvious errors made while entering information on betting coefficients and/or calculation of the amounts of Bets (for example, errors in the coefficients indicated in teams incorrectly, incorrectly indicated events, etc.), or declare invalid the corresponding Bets even after completion of the event. In the cases of correcting obvious errors, Bets are returned. The most common types of technical errors are the following:

3.15.2 Errors of input of coefficients – when the coefficients (or the parameters of the “Handicap/Total” Bets, etc.) are displayed without a decimal separator (dot or comma) or with any additional digit in the number.

For example: instead of the coefficient 1.8, 18 is displayed, instead of 2, 23 is displayed, instead of 3, 30 is displayed, etc.

3.15.3 “Mirror Errors” – when the coefficients for players are displayed in a diametrically opposite manner. In this case, the favorite of the game (including the current favorite of the “Live” event) is displayed with the coefficient exceeding the coefficient of the outsider of the given event.

Example: Basketball. Barcelona-Unicaja. The winner of the match. Instead of [1.2 and 4], [4 and 1.2] is displayed.

3.15.4 Writing errors – if all the coefficients are indicated correctly but the teams are written in an incorrect order (usually occurs for events taking place on a neutral field).

Meaning for the previous example record:

[Basketball. Unicaja-Barcelona. The winner of the match. 1.2 and 4]

instead of

[Basketball. Barcelona-Unicaja. The winner of the match. 1.2 and 4].

Clear indicators of obvious errors are a very large difference in the coefficients of the CopyBet Sportsbook and other bookmakers, as well as the coefficients that are not backed up by anything significant for this match. The right to determine the nature of errors belongs exclusively to the Company.

3.15.5 The Company reserves the right to cancel the Bets made on deliberately incorrect coefficients. A Client will be informed about changes in their Sportsbook account balance immediately.

3.15.6 The Company reserves the right to cancel the Bets even after the end of the event if these Bets are won by a Client as a result of a technical failure or an obvious error.

3.15.7 In the cases when due to technical reasons the Client's Bets were not maintained by the necessary amount of funds in their Sportsbook account, these Bets are considered as invalid and refundable.

3.15.8 In the case of any mistakes in financial operations on a Client's Sportsbook account, a Client shall immediately notify the Company about the above-mentioned mistakes. If such mistakes resulted in a negative balance on a Client's Sportsbook account, the Company has the right to cancel the Bets despite the fact that they were made before the error occurred.

3.15.9 The Company reserves the right to bring a Client to responsibility for any damage caused to the Company if a Client used a technical or administrative error intentionally when making a deposit and/or other financial on their Sportsbook account.

3.16 BETS ON CREDIT

3.16.1 The Company does not accept any Bets or provide services to Clients on credit. All Bets and services must be paid by a Client with funds from their Sportsbook account.

3.17 RESTRICTIONS ON BETS

3.17.1 The Company has the right to deny a Client in placing Bets without giving any reason and reserves the right to close or temporarily block Sportsbook accounts of individual Clients without prior notice.

3.17.2 The minimum and maximum size of Bets for all sporting events is defined by the Company and is subject to changes without prior written notice to Clients. In addition, the Company reserves the right to impose special restrictions on Sportsbook accounts of individual Clients.

3.17.3 The Company's Clients are not recommended to place Bets from the same IP address (from the same computer, local area network, or mobile device) to avoid suspicion of collusion (cheating). In such cases, a Client shall give reasons for using provided services and have them approved by the Company. The Company has the right to block Sportsbook accounts of such Clients and ask them to send the documents and other data (including photos) verifying their registered identity.

3.17.4 Winnings on Bets are paid only within the limits set with maximum limits of the Company. If a Client has made a Bet and the winning exceeds the maximum, the Company is not obliged to pay any amount of money exceeding the maximum limit.

3.18 LATE BETS

3.18.1 Bets placed after the start of the event (except the Bets for “Live” events) are invalid and returnable in all cases, while “Multiple” and “System” Bets are calculated using the coefficient equal to 1 (One). Any Bet (including Bets for “Live” events) made on an event, the result of which is already known by the time of the Bet acceptance is considered invalid and refundable.

3.18.2 If a Client wishes to challenge the time of the start of the event, they must provide an official document (or a link to the website of organizers of the given event) to the Company, which confirms the actual time of the start of the event on which the given Bet was made.

3.18.3 In the case of any disputes regarding the time of the start of the event, if the organizers of the above-mentioned event cannot provide official information on the matter, the Company’s information about the start time of the event is considered the only correct one.

3.19 REFUND

3.19.1 If a refund is declared about the Bet, such Bet is considered as won with the coefficient of 1 (One). In the case of “Single” Bets, this means that a Client will get back the amount of money they placed on this Bet. In the case of “Multiple” or “System” Bets, the total coefficient will be changed in the following way: in the event, where a refund occurred, the coefficient will get the value 1 (One), the coefficients on the remaining events will remain unchanged, and the final coefficient will be counted according to a similar scheme. Only the coefficient of the outcome on the event, on which was given a refund (one of the factors (multipliers) of the final coefficient of “Multiple” or “System”), will get the value 1 (One).

3.19.2 A Bet is refunded if as a result of the match the total number of scored goals is equal to the total of the Bet and among the proposed outcomes of the given total Bet there was no option “Indicated number of goals”. A Bet is refunded in a similar way for the individual totals, totals of the player, totals of cards/corners/removals, fouls, and other parameters if the final value of the match and the proposed parameter of the total are equal.

3.20 FIXED MATCHES

3.20.1 In the case of possible interference in the match result and the formation of the coefficients for the match (including cases of suspicion in match-fixing), the Company reserves the right to suspend the payments on this event or cancel the Bets on this match, as well as hand over the information to the appropriate authorities for further investigation and prevention of similar incidents.

3.20.2 The Company reserves the right to suspend the payment of the Bets and make a refund on them if there are solid reasons to believe this match was fixed. Such reasons may be based on the size, number, and nature of the Bets made using one or all of the possible methods of betting.

In such cases, the decision of the governing bodies of relevant federations and regulatory bodies are also taken into account. In such cases, the Company reserves the right to hand over the information to all concerned parties for further investigation and to prevent similar incidents in the future.

3.21 NEUTRAL FIELD

3.21.1 In the cases when the match is transferred to a neutral field (NF), the Bets remain valid but they are refundable in the cases when the match is transferred to the opponent's field. In the case when both teams are from the same city and the match is transferred to any other field, Bets are valid and are not refundable. In international matches, the refund of Bets is made only when the match is transferred to the field of an opponent country.

3.22 INTERRUPTED EVENTS

3.22.1 An event is considered interrupted if there was no play for an indispensable amount of playing time specified according to the rules, even if the result at which the event was interrupted is later confirmed to be final.

3.22.2 The matches are considered as ended if they have been interrupted (not finished) in the timeframe specified below:

Soccer - 90 min.

Futsal (duration 2 x 20 minutes.) - 35 minutes

Futsal (duration 2 x 25 minutes.) - 45 minutes

Basketball 48 minutes (NBA, and PBA, CBA) - 43 min.

Hockey NHL (National Hockey League) - 55 min.

Bandy - 60 min

Eurohockey - 50 min.

American football - 55 min.

Baseball – pre-match 5 periods (innings), live 9 periods (innings)

Handball - 50 min

3.22.3 For interrupted events recognized as canceled (if not otherwise stipulated in the Rules of the sport), all Bets are refundable, except for ones for which the result is exactly defined at the time of the stop of the event. For interrupted events, Bets on the relative performance time (periods, etc.) are subject to unconditional return.

3.23 EVENTS TRANSFER

3.23.1 If the start time of the event has been changed and otherwise is not stipulated in the Rules of sports, all Bets on the event are refundable.

3.23.2 In the cases of “Passing to the next round” matches, when the game is postponed to subsequent days or the field is changed, the Bets remain valid. If the “Passing” of the team, which goes to the next round, is later canceled because of any reason, the event is disregarded and the payment is made according to the results of played matches. If the second match did not take place or was interrupted, then all Bets on it, including the “Passing”, are refundable.

Payouts on the “Passing” are made only for Bets made before the first match. If none of the matches takes place, the Bets will be refunded.

3.24 CALCULATION OF BETS

3.24.1 The Company validates the results based on official reports and alternative sources of information (including videos of the event) after the event is finished. Calculation of Bets is based on the results published on the Company’s website at www.copybet.com in the “Results” section. In the case of discrepancy of results from different sources of information, as well as in the case of their obvious mistakes, the final decision to determine the results belongs to the Company.

3.24.2 All claims of the Clients regarding the correctness of the results published on the Company’s website should be based only on the basis of official sources of information (websites of regulatory bodies for these championships). Information from other sources cannot be considered a basis for the reviewing/recalculation of Bets.

3.24.3 Valid (factual) results are considered to be the results, which are announced based on official protocols or other legit sources of information right after the end of the event.

The Company can use other official sources if necessary.

In exceptional cases, the Company reserves the right to use video reviews to adjudge the true result.

3.24.4 “Live” events Bet results are calculated based on what is known immediately after the end of the event/competition. All following changes (for example, changes by decision of a jury after the game) are not taken into account while deciding the Bets. The Company itself calculates these Bets based on its statistical data about the actual course of the game. If otherwise is not indicated, all “Live” Bets on non-participating athletes in the competition will be invalid.

3.24.5 In cases when the Company’s statistics based on TV coverage are different from the official statistics, the Bets are calculated according to the Company’s statistics.

3.24.6 If more than one participant or team is declared as a winner of the competition, the coefficient of winnings is divided by the number of winners. In this case, the coefficient can’t be less than 1 (One).

3.24.7 All operations on Sportsbook accounts are made in the currency chosen by a Client during account registration.

3.24.8 All Bets, the outcomes for which are already known (in particular, Bets on “Who will score the next goal” or “Win a certain part of the match), are considered valid and are calculated even if the event or tournament was suspended.

3.24.9 If a match is not completed and is considered incomplete, then all Bets on it are refundable (except what is mentioned in article 3.22.1), even if the result, at which the event was interrupted is later confirmed as final.

3.24.10 The result announced on the day of the match is taken for the result of the match, if it does not contradict the special rules of individual sports. Any possible changes in the result of the event, conditioned by the revision of the results of the event by governing bodies and disciplinary penalties of teams are not taken into account and the initial results of the calculation of Bets remain in force.

3.25 NON-PARTICIPATION IN THE EVENT

3.25.1 If it does not contradict the special rules of individual sports, when an event participant, who a Bet was made on, for whatever reason cannot take part in the event, a Bet is considered valid and lost by a Client. The exceptions are the following cases:

The event (tournament) is canceled;

The event (tournament) is considered invalid;

The location of the event was changed;

The event (tournament) is interrupted or postponed.

3.25.2 In the case of “Who is taller” Bets with two outcomes, if one of the participants refuses to take part before the event/tournament, a Bet is refundable.

3.26 RULES OF SPORTS BETS

3.26.1 Sports Bets rules take precedence over the General Rules.

3.26.2 Some Types of Bets:

3.26.3 In the case of Bets on “Odd number/Even number of Total”, regardless of the sports and the proposed position (including total goals/cards/fouls, etc.) if the result is “0”, the Bets are calculated as “Even number”

3.26.4 All Bets on the number of medals are calculated according to the official medal table at the end of the event. Any changes undertaken by the governing bodies later are not taken into account.

3.26.5 Any medals won by the country team in any competitions shall be considered as one regardless of the number of participants in this team.

3.26.6 In the case when some market has the potential outcome “Any other”, this outcome includes all participants of the event not listed in the options of that market separately.

3.26.7 In the case of game on any event in the “Additional markets” of tours (total number of goals, wins, losses, draws, angular, yellow cards, etc.), only those matches of the tour are taken into account, which are included in the daily line.

3.27 FINANCIAL LIMITATIONS

3.27.1 The minimum Bet on any event in any category is £1. The maximum Bet on any event in any category is £10 000.

3.27.2 The maximum winning coefficient for “Multiple” and “System” bets is 1 000. “Multiple” Bets and each variant in “System” Bets, in which the coefficient of winnings exceeds the maximum, are calculated with the coefficient of 1 000. In these cases, the sum of winnings cannot exceed the maximum payment for a single Bet.

3.27.3 The maximum individual bet liability is £15,000.

3.27.4 The maximum Payout in any category is £15,000.

3.27.5 The maximum amount of a Bet on the event depends on the sport and the event. It is defined by the Company specifically for each event and each type of a Bet. This amount for any type of a Bet is subject to change without prior written notice. The Company reserves the right to limit the maximum Bet amounts on individual events, as well as introduce and remove specific restrictions on the accounts of individual Clients without notice or explanation of reasons.

3.27.6 All financial restrictions may apply to any individual Client or a group of Clients acting as a collective unit, who have placed Bets containing the same match selections. If a Client places a series of Bets with the same selections, the total payout for them may be limited to the amount of one maximum payment regulated by existing restrictions.

RISK DISCLOSURE

4. RISK DISCLOSURE

4.1 A Follower agrees with the fact that using CopyBet services is associated with risks. A Follower fully accepts the risk of possible losses, that can occur as a result of the activity of a Tipster.

4.2 A Follower accepts that ignorance or misreading of these Terms of Use does not exempt from the liability and/or risks.

4.3 A Follower accepts the risk of possible losses or lost profit resulting from non-execution or partial execution of copied bets due to low liquidity on the market, insufficient funds of Follower's CopyBet Profile, or other factors.

4.4 A Tipster accepts the fact that using CopyBet services is associated with risks. A Tipster performs operations solely on their own behalf, at their own expense and risk.

4.5 A Follower, a Tipster, and an Affiliate accept the risk of possible losses or lost profit due to the rounding of exchange rates during the balance operations within their Wallets.

4.6 If necessary, a Client shall pay their taxes and file a tax return on their own in their jurisdiction of residence.

COPYBET PLATFORM OPERATION

5. BASIC COPY-BETTING PRINCIPLES WITHIN THE PLATFORM

5.1 The CopyBet platform detects new open bets on a Tipster's account and copies them by opening bets on Followers' accounts.

5.2 Priority of copying: in the case when a Tipster has several Followers, bets are copied on the "first come, first served" basis.

5.3 While being copied, Follower's bet parameters (price, size, and others) are defined by the CopyBet platform based on many factors, such as:

- Subscriptions settings (Copy Ratio, Limit Loss, etc.)
- Currencies of Tipster's and Follower's accounts (in proportion to rates)
- A Tipster's Cash Out

6. COPY-BETTING ALGORITHM

6.1 After subscribing to one or several Tipsters, a Follower specifies individual settings for each of them, according to which the bets should be copied.

6.2 There are two types of Subscriptions: "Per period" (1, 2, or 4 weeks) and "Per event".

6.3 Subscription parameters available for a Tipster:

- Subscription type
- Subscription price

6.4 Subscription parameters available for a Follower:

- Copy Ratio (default value is 1)
- Limit Loss (disabled by default)
- Automatic subscription renewal (enabled by default)

7. COPYING FROM BETFAIR EXCHANGE AND COPYBET SPORTSBOOK

7.1 The Copying of a Tipster's bet to Followers' accounts: when the system receives the signal that a Tipster opened a bet, it defines its parameters and sends orders to open corresponding bets on Followers' accounts.

7.2 The parameters of the copied bets:

- The Event and the Market of a Follower's bet = the Event and the Market of a Tipster's bet
- The type of a Follower's bet = Limit
- The side of a Follower's bet = the side of a Tipster's bet
- The price of a Follower's bet = the price of a Tipster's bet with the maximum allowance of minus 10% of this price (the price of a Tipster's Bet – 1)
- The size of a Follower's bet is proportional to the size of a Tipster's bet considering the Copy Ratio and currencies of the Tipster's and Follower's CopyBet Profiles. The currency exchange is made according to the CopyBet platform's rates

7.3 In the case of a Tipster's Cash Out, the parameters of the copied bets are calculated in such a way that the outcomes of a Follower's Market and a Tipster's Market are as identical as possible. In some cases, a Follower's bet size may be reduced or a bet may even not be copied.

7.4 After defining the parameters of a Follower's bet, the system checks if there is enough liquidity on the market, i.e if there are enough bets of the opposite side and with the same prices.

- In case there is enough liquidity, a bet is placed and, highly likely, executed immediately.
- In case there isn't enough liquidity, a bet will be executed partially or skipped (a Follower can see a corresponding notification in their Profile).

7.5 In case the first bet of a Market is skipped, the entire Market will be skipped (a Follower can see a corresponding notification in their Profile).

7.6 Multiple, System, and Chain types of bets can not be copied from a CopyBet Sportsbook account (see articles 12, 13, and 14 for more information on account types).

7.7 No matter which type of an odd is specified by the Tipster in Sportsbook account, odds on Copybet will always be displayed in a decimal format for both Tipster and Follower.

8. LIMIT LOSS

8.1 In subscription settings, a Follower can specify "Limit Loss" for each subscription in terms of their CopyBet Profile currency.

8.2 "Limit Loss" is calculated in the following way:

8.2.1 The system calculates "Exposure" for all copied bets of each Market.

8.2.2 The system defines maximum possible losses for this Market in total (or the minimum possible profit if the Market is sure to be closed with profit).

8.2.3 In case there are open Follower's bets, which haven't been matched yet or have been matched partially, the system defines the worst possible matching scenario for them: the worst price and size (from zero to the full size). As a result, in case of any outcome for this bet, the profit of this Market will not be less than it was calculated.

8.2.4 The following parameters are required for calculations:

- Limit – Limit loss specified by a Follower
- Profit_current – the amount of the profit for all bets copied from this Tipster
- Profit_max – the profit reference point. By default, this value is equal to the maximum profit for the subscription, but may be reset by a Follower and be equal to the current profit. After this parameter is reset, the system will continue updating it to the maximum current profit value for a subscription.
- Exposure – the total value of the minimum Exposure values for each of the Markets copied from this Tipster.

8.3 Limit Loss will be activated if $(\text{Profit_max} - \text{Limit}) > (\text{Profit_current} + \text{Exposure})$.

In this case, the next bet that may activate Limit Loss will not be copied.

8.4 The following values are displayed in the web interface of the platform:

8.4.1 Limit Loss. The value can be edited. In case the value is set to zero, the system will ignore it.

8.4.2 Profit Deviation = Profit_max - Profit_current; shows the difference between the current profit and the maximum one. The difference can't exceed the specified Limit Loss.

8.4.3 Reset (Profit Deviation). An option to reset the profit reference point (setting Profit Deviation to zero).

9. POSSIBLE ERRORS OF THE COPYING PROCESS

9.1 In case a bet can not be copied, a Follower can find the information explaining the reason behind the error in their Profile.

9.2 Examples of errors while copy-betting at Betfair:

- "There is not enough money on your Betfair Exchange account"
- "The bet is prohibited by bookmaker rules"
- "The Market is suspended"

9.3 Examples of errors while copy-betting at CopyBet:

- "Your subscription has been suspended due to insufficient funds in your Wallet"
- "Limit Loss has been exceeded"
- "The Market has been skipped to protect the interests of the Follower"
- "There is not enough liquidity in the market to open a bet"
- "A bet/Cash Out has been skipped" (the copying system wasn't able to define the parameters of a new bet or a Cash Out is not required).
- "No Market info"

10. BONUSES

10.1 "Welcome bonus" in the amount of 10 units in the Wallet currency is automatically granted to any CopyBet Client after they register an account.

10.2 "Invite-a-friend" bonus is granted to a Client for a friend they invite.

10.2.1 A Client receives the "Invite-a-friend" bonus if a new Client attracted by them used their affiliate link to register in the system and verified their Profile.

10.2.2 The "Invite-a-friend" bonus for an attracted client will be paid as soon as they successfully verify their profile.

10.2.3 A Client is paid 100 units in the Wallet currency for each of the first three friends they invite. For each next friend, they receive 10 units in the Wallet currency.

10.2.4 The "Invite-a-friend" bonus is paid to the CopyBet participants, who are specified as an "Affiliate" in the Profiles of the Clients they attracted. In case an "Affiliate" is not specified in the Profile of an attracted Client, the "Invite-a-friend" bonus is not paid.

10.2.5 A Client who invites friends becomes a full participant of the affiliate program and can receive additional profit from subscriptions paid by their friends. More detailed information about the affiliate program can be found in Section 25 of these Terms of Use.

10.3 The bonus funds transferred to CopyBet Profiles allow users to pay for Subscriptions to the platform's Tipsters and for the "Statistics reset" service.

10.4 In case there are Client's own funds in their CopyBet Wallet, these funds are spent in the first place, while the bonus funds are used only after that.

10.5 In case of excessive use of the Company's loyalty programs and/or violation of these Terms of Use, the Company reserves the right to cancel the bonus as well as block a Client's Profile and cancel all placed bets, including profit.

10.6 The Company has the right to cancel any bonus and/or any prize and the profit received from using this bonus if the Company is confident a Client has received them by violating these Terms of Use. In this case, the Company blocks a Client's Profile, and, if there are any funds, makes a refund to the payment system that was used by a Client to deposit to their Wallet.

14.3 It is not recommended for different Clients to use the same IP address (the same local network, shared computer, or mobile gadget) for placing bets in order to avoid any suspicions of conspiracy (unfair betting). In such cases, a Client shall provide a basis for such usage and obtain the Company's approval for arrangements for using its services. The Company has the right to suspend Sportsbook accounts of such Clients and ask them to provide documents and other information (including photos) that may confirm their identity.

14.4 A CopyBet profile is non-transferable. Clients can't sell, transfer, or acquire profiles from or for other clients. Funds transfers between CopyBet profiles are not allowed.

These values can be changed from time to time. The latest information can always be found in the "[Balance operations](#)" section.

16.3 A Client agrees with the fact that the payment details they use must belong to them. The Company prohibits using payment details of any third parties. In case of non-compliance, the Company has the right to cancel all bets, refund the deposited money, as well as close all accounts of the Client. The company has the right to charge a Client with the commission for funds transfer.

16.4 If funds are deposited in a currency that is different from the base currency of a Client's account, they will be converted using the Company's internal rates.

17.4.1 If a Client wants to withdraw the amount that differs from the above-mentioned limits, they have to contact the CopyBet Customer support service at info@copybet.com

17.5 In case there are suspicions of fraudulent activity (multiple accounts, software for using arbitrary situations, capitalizing on arbitrary situations, using accounts for operations not provided by a bookmaker, improper use of Loyalty programs, etc.), the Company has the right to suspend all operations and/or funds withdrawal for the entire period of investigation of a Client's activity.

17.6 The Company has the right to charge a Client with additional commissions if they use different payment systems for deposits and withdrawals of funds. PLATFORM TOOLS

18. RATING

18.1 The Rating is the main tool of the CopyBet platform.

18.2 The Rating includes several statistical parameters, which are calculated based on the history of every CopyBet Profile, including the rank in the Rating calculated based on a CopyBet Profile profit over a period in percentage.

18.3 Before making it to the major Rating, all accounts of new Clients are added to the Sandbox.

18.3.1 The period of time accounts stay in the Sandbox is at least 7 days, during which the minimum number of 5 Markets must be closed. The Rating moderators have the right to extend this period for as long as necessary to control the account activity.

18.3.2 Accounts are moved from the Sandbox to the Rating and vice versa automatically. When it happens, the system sends a Client a notification email.

18.3.3 The Company reserves the right to bar the Client from being added to the Rating without giving any reasons.

18.4 The Rating displays only the accounts of those Tipsters, who have successfully verified their Profiles.

18.5 In order to reveal and timely prevent any types of fraudulent activity, the Rating is moderated on a regular basis.

18.5.1 Among other things, the fraudulent activity includes multiple accounts, software for using arbitrary situations, capitalizing on arbitrary situations, using accounts for operations not provided by a bookmaker, improper use of Loyalty programs, etc.

18.5.2 If the Rating moderator reveals fraudulent activity, a Client's account will be moved to the Sandbox.

18.6 A Client, who believes they were undeservedly removed from the Rating, has the right to send the Company a complaint to info@copybet.com.

19. THE "STATISTICS RESET" SERVICE

- Choose the required account from the list
- Click "Reset statistics" and follow further instructions.

19.3 The "Statistics reset" service is available to verified users only.

19.4. This service is fee-based. If less than 24 hours have passed since the previous statistics reset, the statistics reset will be free.

19.5. The "Statistics reset" services can be paid for using bonus funds.

19.5.1. In case there are the Client's own funds in their CopyBet Wallet, these funds are spent in the first place, while the bonus funds are used only after that.

19.6 After the Statistics are reset, the history of previous bets can't be restored.

SETTLEMENT PROCEDURE AND COMMISSION (SUBSCRIPTION PAYMENT)

20. COMMISSION

20.1 Commission is paid only to a Tipster of a bet (not an original Tipster), an Affiliate, and the CopyBet platform.

20.2 Ratio of commission amounts: 70% to a Tipster, 30% to CopyBet.

20.3 Commission is paid according to two different schemes depending on the subscription type specified by a Tipster.

20.4 Commission is fixed; it is specified by a Tipster on the "[My Followers](#)" page of the web platform.

20.5 Commission for "Per period" and "Per event" subscription types is reserved and deducted from the Follower's Wallet.

21. COMMISSION OF THE "PER PERIOD" SUBSCRIPTION SCHEME

21.1 Commission is calculated for the periods of 1, 2, or 4 weeks.

21.2 Commission to be paid to a Tipster is reserved in a Follower's Wallet and transferred to a Tipster at the end of a period (excluding periods, when not a single bet was copied, in this case, the commission is not paid).

21.3 Commission for the periods that haven't started yet or for the current period without a single bet copied is released from hold in a Follower's Wallet.

21.4 A subscription starts when the service receives the command to start a subscription and lasts for 1 whole period.

22. COMMISSION OF THE TO "PER EVENT" SUBSCRIPTION SCHEME

22.1 Commission is paid for a specific Event copied by a Follower from a Tipster.

22.2 Commission is transferred to a Tipster after an Event is over.

23. SUBSCRIPTION PAYMENTS TO A TIPSTER

23.1 Commission is paid to a Tipster after the subscription period or an event is over.

23.2 In case a Client has any claims to the calculations and payments, they have the right to submit an official request to the Company, which will be processed by the Payment department within 72 hours from the moment the funds were transferred.

23.3 Nuances of calculations according to the "Per period" subscription scheme:

23.3.1 When the subscription period is over, the subscription is renewed automatically. This option is enabled by default but a Client always can change settings in the "My Tipsters" section of the web platform. If the subscription can't be renewed due to some reasons (for instance, insufficient funds in a Follower's Wallet), the subscription is paused.

23.3.2 Resuming the subscription doesn't change the calculation period (it still starts with the subscription starting time).

23.3.3 Exceptions:

- If a subscription with an automatic renewal was paused due to lack of funds a Client has to unsubscribe and then subscribe to a Tipster again (a period starts all over again).
- If a Tipster changes subscription conditions, a subscription will not be renewed automatically, so a Follower has to enable this option manually.
- If not a single bet was copied during the subscription period, all subscription payments are returned to a Follower.
- If a Tipster was excluded from the Rating, the commission will be refunded to a Follower's Wallet in full.

24. CHANGING OF SUBSCRIPTION CONDITIONS BY A TIPSTER

24.1 In case a Tipster changes subscription conditions for the worse (increases the price), Followers are notified by email and an option of automatic renewal of a subscription is disabled.

AFFILIATE PROGRAM

25. COPYBET AFFILIATE PROGRAM

25.1 Each user automatically becomes an Affiliate. They receive a unique affiliate code, which is added to all marketing materials offered by CopyBet.

25.2 Persons under 18 years of age are not allowed to participate in the affiliate program.

25.3 Each Affiliate is allowed to have just one affiliate profile. CopyBet reserves the right to block any associated profiles and cancel any commissions payable to these profiles,

25.4 The Affiliate commission is paid to the CopyBet participants, who are specified as an "Affiliate" in their Profile, for the Clients they attracted. In case an "Affiliate" is not specified in the Profile of an attracted Client, the Affiliate commission is not paid.

25.5 If the Affiliate's Wallet currency differs from Client's Wallet currency, the conversion is made according to the CopyBet platform rates.

25.6 The Affiliate receives 30% of the "Statistics reset" service fee if the attracted Client used the service for their Betfair or Sportsbook account.

25.6.1 If the "Statistics reset" service was paid for in bonus funds, the Affiliate will receive their commission in real money but not in the bonus funds.

25.7 The Affiliate can receive the commission within the frameworks of all available Affiliate programs simultaneously, as well as combine them with the "Invite a Friend" bonus program.

25.8 CopyBet provides the Affiliate with reports in their "Affiliate Program" section, which contain detailed descriptions of recently attracted clients and the amount of the received commission.

25.9 The Affiliate themselves, as well as any affiliated persons, cannot be a client of the Affiliate. If any coincidence of the Affiliate's data and a client's data (such as passport data, address, telephone, e-mail, IP-address, payment details, etc.) arise, such client's accounts shall be considered as affiliated and are subject to the exclusion from the Affiliate's group and the cancellation of the paid affiliate commission.

25.10 CopyBet reserves the right to immediately cancel any paid commissions, as well as suspend or terminate any profile, which, according to the company's opinion, has something to do with fraud, money laundering, and/or any other fraudulent, illegal, or suspicious activities, and report on such activities to applicable authorities. Fraud implies unethical practices and activities intended to deceive the Company.

25.11 CopyBet reserves the right to immediately cancel any paid commissions, as well as suspend or terminate any profile, in case the Company has reasons to believe that the traffic generated by the Affiliate is illegal or breaks any regulations stipulated in these Terms of Use.

25.12 The Affiliate has no right to attract clients using inappropriate means and methods. Such methods and means include deception, fraudulent misrepresentation, provision of incorrect risk disclosure information, promises of profit, and other wrongdoings.

25.13 The Affiliate shall guarantee that all marketing and promotional campaigns targeting prospect clients are in compliance with Advertising/marketing rules and regulations by the Gambling Commission.

25.14 The Affiliate has no right to place on their website or any other sources they use for attracting clients any links intended for persons under 18 years of age, or encourage such persons, whether directly or indirectly, to use the gambling-related services.

The Affiliate shall promote CopyBet in a socially conscious way and pay particular attention to the needs for the protection of children, young people, and other vulnerable persons from the harm done by the gambling-related services.

25.15 The Affiliate shall, if requested by CopyBet, immediately remove any marketing activities promoted by CopyBet on its website or any other advertising medium controlled by the Company.

25.16 The Affiliate is solely responsible for content and operation of their website or any other source they use for attracting clients and shall guarantee that the website doesn't contain any materials that are detractive, sexually explicit, illegal, harmful, menacing, offensive, racist, ethnic, discriminative, abusive, politically sensitive, or otherwise contentious and infringing. Under no circumstances CopyBet bears any responsibility for any claims or disputes between the Affiliate and any user of their website or any other related products/services, and the Affiliate shall pay for all losses incurred (directly or indirectly) by CopyBet or any employee of the Company because of such claims and disputes.

25.17 In any messages intended for prospect clients, the Affiliate shall make it absolutely clear that these messages are sent independently and without the knowledge of CopyBet, and that any complaint that may possibly be filed by the recipient should be addressed to the Affiliate but not CopyBet.

25.18 CopyBet exerts every effort to avoid any mistakes when calculating payouts due to Affiliates. However, if there is a mistake in the affiliate commission calculation, CopyBet reserves the right to correct any obvious mistakes and charge the Affiliate for any excess payouts (including, among other things, a decrease of future payouts due to the Affiliate from CopyBet) or cancel any payouts that were made.

26. PERCENTAGE OF THE SUBSCRIPTION FEE

26.1 The Affiliate receives 9% of the subscription fee paid by a Follower.

26.2 The Affiliate starts earning affiliate commission if a new Follower attracted by them used their affiliate link to visit the website, registered a Profile in the system, and paid for a subscription.

26.4 The commission is paid to the Affiliate only after a subscription period or an event is over.

26.5 The commission is not paid to the Affiliate if no bets were copied during the subscription period and the money was refunded to the Follower.

27. PERCENTAGE OF THE VOLUME

27.1 The Affiliate receives 0.5% of the bet size regardless of the bet result.

27.2. For the Affiliate to receive the commission, an attracted client must place their own bet on a Sportsbook account or copy a bet to their CopyBet account.

27.3 The commission is displayed in the Affiliate profile only after the bet is played.

27.4 The Affiliate commission for the current calendar month is paid to the Affiliate's Wallet on the first day of the next month. After the commission is transferred to the Wallet, it can be withdrawn without any restrictions.

27.5 If the match was canceled or there was any other situation that resulted in the bet cancellation, the commission for such a bet is not paid to the Affiliate.
